Custom-made Recommendations | Quick Descriptions
With all the different species of seafood, there’s a type of fish or shellfish for every appetite. Now there is a new tool to help you find your favorites. Simply select taste, texture, flake, and color preferences, and PickMyFish will generate tailored seafood recommendations. Or skip straight to quick fish descriptions A-Z. This portable tool can be used on any computer, smart-phone, or iPad to end indecision with mouth-watering menu choices and scrumptious selections at the store.
